CHRISTMAS IS PROVIDED FOR

Elaborate Programs In Churches Of City Are Arranged

Sunday, December 21, the old, old story of the birth of the Savior of man will be retold in churches of Ukiah in song and story and divine worship. The story that never grows old will echo and re-echo around the world. The treble of children's voices will lisp it around lighted trees sweet with the scent of pine woods; men and women will bow devout heads in the pause of the busy season to reflect on the miracle, while learned heads of churches extol the virtues of the Christian era. It is a glorious spectacle—this glad holiday time of worship and gift-giving and nowhere in the nation will the spirit of Christmas be more pronounced than in this city where the following order of service is announced by the various churches of the community:

Episcopal Church.

Regular church services will be held Sunday at 11 o'clock. Christmas eve there will be a communion service and carols will be sung at the church. Rev. E. H. Benson will officiate. Tuesday at the home of Rev. and Mrs. Benson a Christmas party will be held for the children of the Sunday school.

Baptist Church.

Sunday all the services will emphasize the true meaning of Christmas. The morning sermon will be "The Light Bringer." Gale Lawrence will sing. The evening subject will be "A Christless Christmas." Mrs. Julia Shinn, in charge of the program and other features of the affair, announces the supper will be served at 6:30 o'clock and the program features including carols, recitations and a presentation of "The Birds' Christmas Carol" will begin promptly at 7:30 o'clock.

At the 11 o'clock service the Methodist vested choir will render special music under the direction of Philip Joseph, with Mrs. George Cook at the console of the new Moller organ. The pastor will give, in brief, the "Story of the Other Wise Man" for the boys and girls present and will preach a Christmas message, "God Made Visible, or the Spiritual Significance of Christmas."

At 7:15 Mrs. Archie Richey will play several variations of the Christmas carols on the sweet-toned and beautifully voiced Moller organ. The young people's choir will give a delightful Christmas cantata at 7:30, Zeke Reynolds directing, Mrs. Richey at the organ. The public is invited to all of these services.

DEAD WOMAN'S ESTATE HARD TO TERMINATE

Legal Complications Of An Unusual Nature Encountered

MUCH MONEY AVAILABLE

Cash In Bank Has To Be "Quieted" So As To Get Title

In the Republican Press this week appears a summons issued in the action of Roy Milne, acting as executor of the will of Mrs. Amanda Rothine, former Talmage resident and widow of Gus Rothine, who was killed near Santa Rosa about a year ago in an automobile accident in which Mrs. Rothine also suffered severe injuries.

Story Of The Case.

In an action which she brought for the death of her husband $6000 was recovered for her by her attorney, Keith C. Eversole, of this city, from the insurance company for the man causing the injuries and death of Mr. Rothine. This action was brought by Mrs. Rothine as administratrix of her husband's estate, in which Mr. Eversole was also her attorney, and as an individual. Shortly after receiving this sum Mrs. Rothine died while on a trip to Canada, leaving this money in the Savings Bank of Mendocino County and leaving, in addition, about $6000. Her will now being probated in the local superior court makes her brothers and sisters her sole heirs.

A Tangled Situation.

Through Mr. Eversole ,as his attorney, the executor of the will of Mrs. Rothine has commenced an action to quiet title to the $6000 which was paid to Mrs. Rothine as damages by the insurance company, for the loss of her husband. The interesting legal point involved is that Mrs. Rothine, as administratrix, recovered the $6000 for the heirs of Gus Rothine and she was the principal heir. The law provides, however, that in distributing among the heirs a sum of money recovered for the wrongful death of a person, only those heirs who were dependent upon the deceased person for support are entitled to share in the money recovered for the wrongful death of the person. The other heirs of Gus Rothine are a sister, a niece and a nephew—all residing outside of California — none of whom, according to the complaint filed, were receiving support from the deceased. However, no adjudication of the matter was had before the death of Mrs. Rothine and it must now be determined whether the $6,000 belonged to her at the time of her death and thereby passed to her heirs under her will, or whether some portion of the $6000 might go to the heirs of Gus Rothine.

Another Complication.

Another novel feature is that the relief sought is by way of a suit to quiet title to a bank deposit—an action that has been possible in California for only 10 years past—for until that time quiet-title-suits were permitted only as to real property, and this is one of the first acions brought in Mendocino county under the amended statute permitting such procedure.

Local Woman In A Successful Tryout

Mrs. Ardis De Motte, who left here recently for Eureka where she has secured part-time employment, had a successful try-out recently for a position as pianist with Micky Cline in his Midnight Frolic at the Liberty Theatre, the leading playhouse of the northern city, which is owned by George M. Mann. Mrs. De Motte made a perfect score in the try-out and may secure a permanent position as pianist with the popular orchestra of the northern city.

ABUSED COURT —WAS SENT TO JAIL FIVE DAYS

Coast Printer Wrote Insulting Letter To The Judge

WAS SORRY LATER ON

Arnie T. Thompson's Radicalism Was Regretted Too Late

Arnie T. Thompson, who operates a job printing shop at Fort Bragg, was sentenced to jail for five days last week by Judge H. L. Preston for contempt of court.

How It Started.

In a court proceeding growing out of the foreclosure on some printing machinery in which Mr. Thompson was interested, it became necessary for him to appear in court.

He "Roasted" The Judge.

Following an apparently satisfactory arrangement to settle the claim Mr. Thompson went home and wrote a most insulting letter to Judge Preston, vilifying the court and intimating the action of Judge Preston was controlled.

Became Very Sorry.

Upon returning here to complete the settlement Mr. Thompson was called to the stand and shown the letter by Judge Preston, who asked him to read it. Mr. Thompson said he did not wish to and that he was ashamed of having written the letter, that the statements therein were untrue.

Sent To Jail.

Judge Preston thereupon sentenced Mr. Thompson to five days in jail.

The young man and Pilot Max Orrell, who is manager and flying instructor of the Eureka airport, made the air trip in less than two hours from here.

HURRYING UP BRIDGE PLANS

Directors Are Looking After The Legal Situations

Legal formalities in connection with the sale of the $35,000,000 Golden Gate Bridge bonds will hold up the reception of bids for the construction of the bridge until February 15. This was announced at a meeting of the directors of the Golden Gate Bridge and Highway District in San Francisco last week. In order to clear up these legal formalities in as short a space of time as possible the directors have appointed the law firm of Orrick, Palmer & Dahlquist, bond experts, to represent them on the Pacific coast.

No Time Lost.

Meanwhile work upon the amplification of the bridge plans is being rushed to completion by the Strauss Engineering Company. Charles A. Ellis and C. E. Paine, engineers with the Strauss organization, and backed with wide experience in the construction of long span bridges, are in charge of this work under the direction of Chief Engineer Joseph B. Strauss.

A Resident Engineer Named.

In his monthly report the chief engineer announced he has retained Russell G. Cone as resident engineer to take charge of work in the field when construction of the bridge starts. Mr. Cone was resident engineer during the construction of the Philadelphia-Camden bridge and on the Ambassador bridge at Detroit.

Commission Is Ready.

The bridge authorities have conferred with Chief Eingineer C. H. Purcell, of the California Highway Commission, and have the assurance the Highway Commission will be ready to proceed with the construction of the bridge approaches in San Francisco and Marin county so they will be completed and ready for use long before completion of the bridge itself.

Surveyors Are Working.

Engineer Strauss informed the directors two surveying parties have been in the field since November 19 making final surveys for the bridge terminals.

BOOTLEGGING FISH, EUREKA MAN IS FINED

Game Commission Deputies Apprehend Offender Friday

ONE CHARGE DISMISSED

Unable To Pay Fine H. Hogue Was Sent To County Jail

H. Hogue, of Eureka, was caught by Deputy Earl Macklin, of the State Fish and Game Commission, Friday with 25 salmon and 500 steelheads. The arrested man was taking the fish to San Francisco to sell.

Taken In Eel River.

At first it was thought the fish had been caught in Oregon but, later, it developed they came from Eel river. The fish averaged 10 pounds.

Could Not Pay Fine.

Mr. Hogue was traveling in a Dodge delivery car and upon being taken before Judge John Hofman pleaded guilty and was fined $350 or 90 days in jail on one count and another charge lodged against him was dismissed. In the meantime, unable to pay the fine, Mr. Hogue was taken to jail, but stated he believed he would be able to raise the money to pay the fine later.

SCHOOL PLAY MADE BIG HIT

Unusually Well Acted Offering Produced Much Approval

Booth Tarkington's delightful three-act comedy, "Tweedles," was ably presented Friday evening by the Senior class of the high school at the school auditorium to a capacity house. Every member of the class did his or her best and their ability was the chief topic of conversation the following day. Miss Agnes Wegner, as Mrs. Ricketts wore her smart clothes with the ease of a grand dame. Winsora Tweedles was demurely impersonated by Dorothy Campbell with grace and charm. The outstanding point in Miss Campbell's fine interpretation of the lead was her beautifully modulated voice, which is exceedingly rare in an amateur. Henry Buchholz, who played opposite Miss Campbell, was a notable figure in the play. Miss Barbara Hilts, as Mrs. Albergone, "leaped" instantly into favor with the audience and although her part was not a leading one she, by the cleverness of her interpretation, won the audience from the start.

A Clever Girl.

Miss Hilts is an exceedingly versatile young woman and very much at home on the stage. Another merit-deserving personality in the cast was Marvin Ford, whose dominant characterization of Philemon, was exceptionally and extraordinarily well done. The other young thesplans balanced the show to an absolutely fine point in ease of manner, diction and interpretation. Miss Laura Kaiser trained the players who, in the order of their appearance, follow:

Mrs. Ricketts ..... Agnes Wegner
Mrs. Albergone ..... Barbara Hilts
Winsora Tweedle .. Dorothy Campbell
Julian Castlebury .... Henry Buckholz
Mr. Castlebury ..... Richard Sherman
Mrs. Castlebury ..... Juanita Yeo
Adam Tweedle ..... Fred Scholl
Ambrose Tweedle .... Jack Martensen
Philemon Tweedle ..... Marvin Ford

THE TRUTH "—is also found in frank confession of error."

THREE HUNDRED DOLLARS

(By Edgar A. Guest)

Three hundred dollars lost! The shrewd
Deride my hot, impulsive mood.
I loaned it to a felon. One
The law had stamped a brand upon
Who, feigning he was faint of breath,
Opened a window, dove to death.
Three hundred dollars with him went,
Which I in pleasure might have spent.
The wise men laugh and say I knew
His ugly record through and through;
That there are good men to befriend
And honest men to whom to lend;
But this I know, who heard his plea:
None needed friendship more than he.
I was the last of all on earth
To think he still could prove his worth.
Desperate he was to start again
And show himself a man to men.
I heard his story and I gave
The money his one hope to save.
Then said—and now I wonder why—
"Henceforth 'twere better you should die
Than to betray with faithlessness
The last true friend whom you possess."
"I will remember you," he said—
And two days later he was dead.
Wise men repeat the story o'er,
Thinking the money I deplore;
But I've long ceased to dwell upon
Those cheap three hundred dollars gone,
While still I wonder—was he led
To death by those few words I said?

A GOOD REMEDY

IN OMAHA a judge sentenced a reckless driver to five days in jail, and then, to keep him from losing his job and his means of supporting his family, agreed that the time might be served out in five consecutive Sundays—served in installments, as it were. That is a good precedent. The arrangement is not only advantageous to the offender, but to people in general who drive on Sunday. Sunday is one of the days in the week when the common run of people have a chance to take a drive, and if all reckless speedsters could be jailed off the roads on that day, what a day of pleasure it would be! The churches have no complaint. The man who has not interest enough in his own life to drive his auto carefully hasn't enough to seek a better life in the hereafter by attending church. Sunday jail sentences for traffic violators looks like a just and sensible sentence. More of them are needed.

ABUSE AND PRAISE

LAST WEEK papers published in the old home of the editor of The Press in Oregon printed flattering articles about this newspaper, following the reappointment of the editor of The Press to the board of directors of The Golden Gate Bridge. From New Mexico, in which country the editor of The Press passed his boyhood, there has been received an invitation from Governor Arthur Seligman to be an honored guest at the inauguration of Governor Seligman at Santa Fe next month. Here at home this page has just emerged from a fierce political campaign in which the editor of The Press was charged with all kinds of shortcomings and roundly abused. Undue praise and bitter censure are ever unmerited—even the strongest men are sensitive to the whiplash of criticism and kind things that are said of them, but "The healing hand of time" cures all.

HOW ABOUT US?

THE SANTA ROSA Republican in a comment on the appointment of members of the State Highway Commission says: "The entire Redwood Empire seems to be on its toes and militantly interested in the matter of Governor-elect James Rolph's tentatively proposed appointment of a Pacific Highway man. Earl Lee Kelley, of Redding, to succeed Ralph Bull, of Eureka, to a place on the state highway commission. If the proposed appointment of Walter E. Garrison, of Lodi, is later confirmed as director of public works, the selection of Mr. Kelley will give the Pacific Highway two valuable and important state offices, leaving the Redwood Empire high and dry in the matter of proper territorial representation in the governor's cabinet."

In the face of such community building projects as the Golden Gate bridge, the Jenner-Russian river span, the proposed Seashore Highway, the re-location of the Cloverdale-Hopland highway, and other similar projects, all of which will surely add greatly to the vital need for more and better automobile roads throughout the entire area of the vast Redwood Empire, it is somewhat difficult to understand why the governor-elect—who has received such splendid support from this district—should not have in contemplation some important state appoints for the north-bay district.

This newspaper was not in step with the Rolph candidacy. It was for Governor Young. Nevertheless—and not with any desire to climb onto the bandwagon—The Press arises to ask Why?

Smile Awhile

KISSING GOODBYE

A kiss he took and a backward look
And her heart grew suddenly lighter;
A trifle you say, to color a day,
Yet the dull gray morn seemed brighter;
For hearts are such that tender touch
May banish a look of sadness
A small, slight thing can make us sing,
But a frown will check our gladness.

The cheeriest ray along our way
Is the little act of kindness,
And the keenest sting some careless thing
That is done in a moment of blindness.
We can bravely face life in a home where strife
No foothold can discover;
And be lovers still if we only will,
Though youth's bright days are over.

Ah, sharp as swords cut the unkind words
That are far beyond recalling,
When a face lies hid 'neath a coffin lid,
And bitter tears are falling,
We fain would give half the lives we live
To undo our idle scorning;
Then let us not miss the smile and kiss
When we part in the light of morning.

POOR GIRL!

Young Angus had been out for the evening with his best girl. When he arrived home he found his father still sitting up. The old man looked up, shook his head.

"Hae ye been oot wi' yon lassie again?" he asked.

"Aye, dad," replied young Angus. "Why do ye look sae worriet?"

"I was just wondering how much the evening cost."

"No more than half a croon, dad."

"Aye? That was no sae much."

"It was a' she had," said Angus.

GOOD ADVICE

IN AN EDITORIAL that is brimfull of common sense The Conway County (Ark.) News has this observation to make of existing conditions:

"Get ready to hang up your stocking. Christmas is but a few days off. And the New Year is right on its heels. Forget your troubles—remember your neighbor has bigger ones. The sun is still shining and spring will be upon us before we realize winter has run its course. Be courageous and show your confidence in the future. You can't undo the past, so why bother about what has happened. You have lived through it, and you'll live through other disappointments and losses if you are made of the right stuff and don't give up. Get into the bandwagon of 'Go Forward'—forget all about such things as the drouth, bad crops and bank flurries. They have happened ever since this good old world of ours began to feed and clothe the people, and they'll occur again, too. You can't prevent it, so just reserve your fighting strength and stamina to meet whatever comes and keep your eyes looking upward. Just take courage in this thought—the year 1931 will bring you more blessings and successes than you desired in the dying year. Start planning right now for the New Year, and in the light of the past avoid repeating the mistakes that doubtless brought upon you some of the failures of the closing year."

NO FEARS OF RAIN SHORTAGE

Little Lake Valley's Precipitation Will Likely Be Normal

(Special Correspondence of The Press)

WILLITS, Dec. 16.—The rainfall so far this season has been quite evenly distributed but we have had no hard rains and practically all that has fallen has soaked in the ground. The feed on the hills is good, but not so high as it has been in some previous years at this date. The valley land has been soaked to a depth sufficient to be easily plowed and for several weeks the farmers have been kept busy putting in their winter grain. The storm last week continued several days and was mostly in the form of a drizzle that all soaked in the ground and there was no run-off to speak of. The total rainfall to date only amounts to 7.63 inches, which is less than half a normal season, but nothing is now suffering for lack of moisture and the anticipated showers during the next three months will undoubtedly insure good crops and feed in this section.

What Precipitation Was.

The following is the total rainfall to this date for the past four years: 1927, 14.62 inches; 1928, 12.25 inches; 1929, 16.24 inches; 1930, 7.63 inches.

Miss Mollie Rogers returned last week from a two weeks' visit with relatives in San Francisco and Oakland.

Miss Leith Beard came up from Santa Rosa Saturday to pass the holiday vacation at the Simonson home.

Mrs. George Higginson returned yesterday from a short visit with her son in San Francisco.

Mrs. Ed Purdy is visiting her daughter and family in Sausalito.

Fred Simmerley came in from Spyrock last week for a few days' visit with old friends.

Misses Margaret and Cene Simonson returned last week from an extended visit in San Francisco.

Attended Convention.

Dr. and Mrs. T. B. Ricks attended the State Cattlemen's Association convention in San Francisco last week. Dr. Ricks is president of the Mendocino County Cattlemen's Association and was its official delegate. The metropolitan press has given considerable publicity to the convention and the stock conditions are reported quite favorable.

Lodge Names Officers.

Lagunita Rebekah Lodge elected the following officers at the last meeting: Amy Wonacott, noble grand; June Bredehoft, vice-grand; Irene Branscomb, secretary; Geneva Whited, treasurer.

Large Cat Killed.

Bill Moore killed one of the largest lynx cats seen in this section for some time on his ranch last week. He saw the cat crossing an open field and then went to his house and got his dogs and finally treed the varmint, which Mr. Moore shot. It was a male and measured nearly six feet from tip to tip. The mate is presumed to be in that neighborhood and parties are now after her, for the animals have been doing considerable damage, especially to turkeys and chickens.

To Confer Degree.

The Knights of Pythias will hold a district meeting at Willits Thursday night. The local lodge will confer the third rank with the assistance of members from Ukiah and Fort Bragg.

Louis Moffitt visited his daughter in Sonoma county several days last week.

O. E. S. Installation.

Willits Chapter O. E. S. installed new officers for the ensuing year at a special meeting Thursday night. The meeting was preceded with an elaborate turkey dinner after which the gathering adjourned to the lodge room where the installation ceremony took place. Mrs. Bernice Guslander, the retiring worthy matron, was installing officer and she was assisted by Mrs. Elma Ellwell, district deputy grand president, Lou Anker, retiring patron, and Cora Teal and Lois Steele who acted as marshals. Some very intricate figures and marches were exemplified by the officers, each of whom carried a white chrysanthemum in military fashion, after which the Star points were presented with bouquets emblematic of the colors of the character they represented. All the women wore the latest style long white dresses, with white slippers to match, and this added to the beauty of the display. The following officers were then installed: Maude Zbinden, worthy matron; George Stowell, worthy patron; Freda Sowash, associate matron; John Keller, associate patron; Lois Steele, secretary; Kathleen Allen, treasurer; Jean Dewar, conductress; Nellie Moore, associate conductress; Alice Baker, chaplain; Amy Wonacott, marshal; Ruth Ginn, organist; Star points — Adah, Irene Branscomb; Ruth, Edith Roelle; Esther, Emma Dunham; Martha, Marion Rodgers; Electa, Clare Johnson; Dee Dorman, warder, and Lizzie Sowell, sentinel. During the installation ceremony a number of solos, duets and quartettes were rendered, which helped very much to break the monotony of the installation.

Given Matron's Jewel.

The retiring worthy matron, Bernice Guslander, was then presented a handsome past matron's jewel and a number of the officers and visitors made appropriate talks. Among the visitors were Mr. and Mrs. August Linser, of Bell Springs, and Mr. and Mrs. R. E. Roach and Captain Royal Ryder, of Ukiah.

Two Dates Joined.

By a peculiar coincidence the date of the installation fell on the date of the forty-sixth wedding anniversary of Mr. and Mrs. W. J. Allen and they were presented with a handsome bouquet by their children.

Rail Worker Died.

Blanford Parham, a section hand employed by the Northwestern Pacific railroad at Nashmead, was brought in to the Howard Hospital the first of last week for medical attention. He had an unusually severe attack of bronchial pneumonia and was unconscious most of the time until the end, which took place Thursday. He was 26 years of age and a native of Humboldt county. The funeral was held at the Methodist church Friday afternoon, Rev. J. M. Brunswick officiating.

Mrs. Jasper Wilson, who has been at the bedside of her sister in Humboldt county for several weeks, returned home Saturday afternoon.

Mr. and Mrs. E. W. Dean were down from their home in Long Valley yesterday doing some Christmas shopping.

Will Be Pensioned.

W. J. Allen received an invitation a few days ago to attend a reception which will be tendered Thos. Ahern, assistant general manager of the Southern Pacific system, at Sacramento, December 2, at which time Mr. Ahern will be retired on a pension after 49 years of service with that corporation. Mr. Allen was retired on a pension five years ago after having been employed by that company 45 years and he is now living on his ranch near Willits. During his younger days Mr. Allen was a locomotive engineer and was assigned to what is now known as the Coast route, that it ended in Monterey county in those days. He was so well known by Leland Stanford, the latter called him "Bill" when they met and he also was personally acquainted with Collis P. Huntington and Mark Hopkins. He had a colorful experience during the early days of his service and it is very interesting to listen to some of his reminiscenses.

Offenders Were Fined.

Deputy Game Warden R. C. Marshall made four arrests during the past week, all of the parties being charged with unlawful possession of deer meat, and took them before Judge W. F. Whitney. Philip Sirizzotti entered a plea of not guilty and his trial has been set for December 17. Kenneth Dryden pled guilty and was fined $100. Frank Haun and Eddie McPhillips, minors, were turned over to the juvenile court at Ukiah and were taken down to the detention home until they can have a hearing.

Talked Highway Work.

The highway committee of the Redwood Empire Association met at Hotel Van Saturday afternoon where they had luncheon after which matters were taken up in detail. From here the party went over to Fort Bragg by the Fairbanks highway in order to inspect the road and see the necessity of including it in the secondary highway system.

Felt The Shock.

Slight earthquake shocks were experienced here several nights last week but no damage was done.

Frank Spurlock, prominent Covelo citizen, was here on business the first of the week.

Arthur Lloyd, the poet and sage of the Longvale section, was here last week buying some necessary supplies. Mr. Lloyd has a penchant for writing poetry and short stories and has had some of the latter published in popular magazines.

Mr. and Mrs. J. E. Allen passed several days last week in San Francisco.

Guy Simmerley came in from Spyrock last Thursday.

ATTENDED CLINIC

Dr. and Mrs. L. K. Van Allen were in San Francisco several days last week where the local medical man attended a clinic devoted to diseases of the heart and circulation, which included a film, showing the circulation of the blood, which was taken by famous London heart specialists. The clinics were held at the Letterman, Stanford-Lane and University of California hospitals.

WERE IN CITY

Mr. and Mrs. John L. Crawford enjoyed a visit with Mrs. Crawford's relatives in San Francisco last week.

COAST CHURCH WAS DESTROYED

House Of Worship Of The Catholics Burned In Mendocino

The Catholic church and dormitory of the Franciscan Fathers at Mendocino, which was built in 1906 at a cost of about $25,000, was completely destroyed by fire Tuesday evening of last week. The buildings, which stood on a high bluff at the northern end of the coast town against the background of the ocean, were plainly visible for a long distance up and down the coast and made a spectacular blaze which was discernible at Fort Bragg, about 12 miles north.

What Cause Was.

The fire is said to have started as the result of a defective chimney. Earlier in the day the chimney had burned out and Father Joseph, the only occupant of the place, called in Emil Semen, of Mendocino, and the two men made a careful examination of the chimney but could find no evidence of weakness in the bricks. The fire broke out first in the upper part of the building and it is thought burning soot leaked through a slight break, finally igniting the interior.

All Was Lost.

So quckly did the fire spread it was not possible to save anything in the west wing of the building but a few of the church furnishings and vest-

ments were removed.

So heavy was the smoke Alfred Nichols and Albert Lemos, volunteer firemen, were overcome and had to be carried from the building where they were revived in the fresh air. It is said only $6000 was carried in insurance.

Priest Was Absent.

Father Anthony, resident priest, had been absent in San Francisco and was enroute home when the fire occurred. He reached Little River, about three miles south of Mendocino, in time to see the glare of the burning buildings lighting the sky and when he reached Mendocino only burning embers and ashes remained of the buildings.

Fort Bragg Firemen Aided.

The Fort Bragg fire department stood by but could not quench the flames which destroyed the buildings in an hour and a half.

DEATH CALLED FRANK STRONG

Highly Regarded Resident Buried Here Friday Last

Funeral services were held here Friday afternoon for Frank O. Strong, pioneer resident of Mendocino county, who passed away Wednesday evening following a short illness. The service was held at two o'clock from the Eversole Mortuary, with Rev. Warren Bonner officiating. The pall bearers were E. B. Gibson, F. M. Wilson, J. A. Jamison, Ben Horr, J. Redemeyer and William Bromley. During the service Dr. Robherd Thomas sang two numbers, accompanied at the organ by Mrs. Gladys Richey. The chapel was heaped with lovely fragrant flowers. Interment was in the Ukiah cemetery.

A Native of Illinois.

Mr. Strong was born in Aurora, Illinois, and was 74 years old. For many years he was postmaster and merchant at Calpella. About 25 years ago he moved here, with his family, since which time he has been a faithful employe of the Mendocino state hospital.

Was Highly Regarded.

The life story of Frank Strong is that of the loyal friend, faithful and devoted husband and father, upright citizen and kindly neighbor. Few knew Frank Strong but to admire his consistent kindly attitude toward life and his going leaves a void. Surviving relatives are his devoted wife, Matilda Strong, and two daughters, Mrs. Mamie Green and Mrs. R. L. Andrews. A granddaughter, Mrs. Marcus Gilmore, also survives.

All service stations in Ukiah will be closed at one o'clock Christmas for the balance of the day.

NINE-COUNTIES' COMMITTEE MET

Highways And Natural Resources Questions Were Considered

Supervisors J. M. Rupe and N. P. Howe represented Mendocino county Thursday at the nine-counties highway committee of the Redwood Empire Association conference held at Santa Rosa. The field survey and study committee recommended inclusion of the Shoreline, Russian river, Petaluma-Lakeville and the Geyser highways in the state highway system as secondary roads. The gathering also went emphatically on record as urging a sufficient appropriation be made for the completion of the Cloverdale-Hopland relocation of the Redwood Highway in the next biennium instead of merely enough funds to partially complete the work.

Was Well Attended Meeting.

More than 50 persons were at the conference, which was preceded by a banquet at the Occidental Hotel. The committee Friday went into Napa county and returned to Sonoma county by way of the Geyser highway on the first lap of the highway survey and then to Middletown by way of Calistoga. Saturday evening a meeting was held at Willits by the field survey and study committee.

Want Game Fish.

Another subject of importance here was clearing of rough fish from Russian river and re-stocking of streams and lakes with game fish, which was taken up by the conservation committee headed by Harry Ridgeway, of San Rafael.

Considered Deer Question.

This committee also considered the transportation of deer from one section of the state to another and the projected crossing of new stock with the present deer. Recommendations on improved grades of fruit for foreign shipment and foreign requirements for packing were considered by the foreign trade group.

POINT ARENA, Dec. 16. — J. J. Caylor, Ed Gordon, Clyde Henry and Ed Pedrotti went to Fort Bragg to meet the Nine Counties Caravan that is going over the Shoreline Highway.

Suffered An Accident.

Word has been received Mrs. W. R. Ganie, of San Jose, had fallen and broken her hip. This is very unfortunate as the lady is well along in years and recovery from an injury of this nature is uncertain.

A Coming Wedding.

A lovely wedding cake is on display in the window of the local bakery seems to have the names of Einer Dahl and Albina Franci traced faintly in the frosting.

Oh, the party that wrote about Home

Never was a married man.

The foregoing old chorus was brought to mind Saturday night while attending the high school play entitled "The Family Downstairs," in which the plot was to marry off the 23-year-old daughter, and the family rows and arguments leading up to that event were so realistic and true to life the audience, especially those who were married, got the greatest enjoyment out of the play. The parts were all well carried out and the talking was loud enough for all to hear. After the play, dancing was indulged in until two o'clock. Mrs. Ornbaun, who coached the play, is entitled to commendaton for the manner in which the same was put on.

Mr. and Mrs. William Watner, of Ferndale, arrived Monday on their way home and stopped overnight to attend the Civic Club monthly social night and shake hands with friends.

An Enjoyable Affair.

The Civic Club social night was well attended, with cards and dancing as the amusements. Richard Johnson sang three songs that were appreciated as was the old-time tea party exemplified by six high school girls.

On A Road Trip.

Newt P. Howe went to Ukiah Monday to attend the meeting of the Board. From there Mr. Howe went to San Francisco where he joined a caravan that would go on a six-day trip over the proposed Shoreline highway as far as Grants Pass, Oregon. Mr. Howe is to be highly commended for the interest he has taken in furthering the building of this highway.

Officers Were Named.

Assistant Farm Advisor Foote was over Thursday attending the local Farm Center meeting. This was the date of the annual election of officers and those selected were: Chairman, Clarence Collver; vice-chairman, Henry Halliday; secretary, Don Thompson; director, Joe Scaramella; alternate director, Dan Jensen. At this time the matter of reorganizing the cow-testing association for the current year was taken up and it was decided to take in a number of dairies in Lake county as well as some in Ukiah and Hopland.

Earthquake Shock Felt.

Some of our light sleepers reported a slight earthquake at one o'clock Thursday morning. No damage was done, but it served to remind the ones who felt it of the quake of April 18, 1906.

W. I. Newcomb, of Fish Rock, was transacting business in Point Arena Thursday.

A Deep Well.

The oil well is now down one mile and, if they never strike any oil, the well can be worked up into a lot of fine post holes. At times the indications for oil are favorable, according to those who claim to know, while at other times it does not look so good. To the uninitiated it does not seem anyone could form a correct idea as to whether oil would be struck or not when all the evidence they have to base their opinion on is what mud and slush comes up, but we are willing to hope they "know their stuff" when they say prospects are good.

A School Party.

The senior class at the high school gave a party Friday night to the other students and also invited the parents of the scholars. Dancing was the principal pastime and refreshments consisting of cookies and cider were served. B. H. Begley kindly allowed the boys to make what cider they wanted and the boys took advantage of their good fortune and made a generous supply, 15 gallons, so that as long as the guests would drink the cider the boys and girls would refill the glasses.

Fishing Only Fair.

Fishing is about average at this time — salmon fishing is about over and steelhead are just beginning to run and a few have been taken. Should be good.

TOM JAMESON IS PRESIDENT

Redwood Valley Farmers Have New Head Of Their Body

(Special Correspondence of The Press)

REDWOOD VALLEY, Dec. 16. — There was a nice attendance at the Farm Center Tuesday evening. Election of officers was held and T. Jameson was named president; C. Hargreaves, vice-president; L. S. Simmons, secretary and treasurer; R. Yarbrough, director; Alec Kauhanen, alternate director. Discussions were had on the various phases of community interests. The resolution which was recently framed by the Improvement Club, with reference to denouncing the employment of aliens by government employers, was approved by the Center.

Told Of Progress.

Farm Advisor Myszka reported on the progress that has been made in 4-H Club work the past year and a continuous attendance of the members and extension of activities was urged. He also touched on the economic depression and predicted a better outlook for 1931.

A Helpful Suggestion.

Mr. Myszka suggested when a farmer has stock or farm machinery he wishes to buy or sell he list it with the Farm Advisor and it will be read at the various Centers, which will enable the farmer to locate or sell more easily the article listed. Mr. Myszka also stated that, at a meeting of the county directors, a committee was appointed to make a survey of the school system with the idea of curtailing expenses. This is to be given special attention. He also said the tax research department of the State Farm Bureau was working on a new tax program to change the method of taxation, as the present system seems unsatisfactory.

Not In Accord.

Regarding the wage scale which was supposedly set by the Farm Bureau at a recent meeting a motion was made that the center go on record to refuse to participate in setting a wage for pruners.

Warned About Scale.

Mr. Myszka exhibited an apple tree which was badly infected with San Jose scale and he advised a combined spray of oil, lime and sulphur to control the disease. A formula for spraying may be obtained at his office.

Entertainment Provided.

The program of the evening continued with other reports and community singing and a Scotch story by John Wilson. An industrial film on "Electricity and the Distribution of its Power" was featured.

To Handle Program.

F. Zeek and Mrs. J. Brown will have charge of the program for the next meeting.

To Have A Tree.

Committees from the various organizations in the valley met at the school Thursday afternoon to discuss the community tree and treat for the children. Some had suggested an inclination to dispense with the Christmas feature this year and have only the program which is being arranged by the teachers. This, however, was voted against at the meeting and the committee heartily approved a community tree and solicitors were appointed to visit the homes for the usual donation. The entertainment will be given Friday evening, December 19 at the school auditorium.

The Sunday school will have its Christmas exercises Sunday evening, December 21, at 7:30 o'clock, at the clubhouse.

The Grange Meeting.

A very pleasant time was passed at the Grange Friday evening when 120 members and their families participated in their bountiful Harvest Supper. Mrs. Fred Finne deserves much praise for the pretty decoration and artistic arrangement of the table.

HAWKS KILLING QUAIL

In the Little River section it is said hawks are chasing quail and destroying many. Hunters find the remains of dead birds which have been eaten by them, and it is a frequent sight to see a hawk sail over close to the ground watching for a wounded bird to swoop down on it and carry it away.

Mr. and Mrs. A. Marquet were visitors in Santa Rosa aSturday and were accompanied on the trip by Mr. and Mrs. E. A. Domerque.

BOOKS FOR CHRISTMAS

Books suggested for holiday reading by Aline Barrett Greenwood, world-famous lecturer of current events who spoke before a large audience of Saturday Afternoon Club women of Santa Rosa, this month, include the books for students of international affairs who are especially interested in the Anglo-Indian question. For such readers Miss Greenwood recommends "Land of the Black Pagoda," Thomas; "Reconstructing India," Thompson; "Prophets of New India," Holland; "Mahatma Ghandi," (autobiography) Andrews; "Disillusioned India," Mukerji; "The Lives of a Bengal Lancer," Brown. The following Christmas books were brought forward by Miss Greenwood: "Whistler," Laver; "Arab Interlude," Hulme; "The Mark of an Educated Man," Wiggam; "The Meaning Of Culture," Powys; "Staying with Relations," Macauley; "The Red Lakes," Young; "The Woman with White Eyes," Borden; "Imperial Palace," Bennett.

ART IS APPRECIATED

More than 250 persons, several from Lake county, viewed the 50 water color sketches and oil paintings of Bertha Luce Emery exhibited Thursday afternoon and evening at Saturday Afternoon Clubhouse. The sketches were attractively arranged and well lighted to bring out the beauty of coloring. Most of the scenes were sketched hereabouts, with landscapes and waterscapes predominating. Of late years Mrs. Emery has established herself as among the notable water color artists of northern California. A pupil for many years of L. P. Latimer, her work is thought by many to be the equal of her former teacher, whose style is very much like her own. Never before in Ukiah has so beautiful a group of water colors been exhibited. Mrs. Emery has won her way by sheer talent and hard work. Her flexible brush, an unbounded talent and enthusiasm and a remarkable eye for color all have figured in her astonishing progress. The softness of tone and perfect unity of effect which marks Mrs. Emery's conception of Mendocino county hills is appreciated by all who are discriminating in their artistic tastes and is the result of careful and painstaking effort.

CHRISTMAS IS GLAD TIME OF YEAR

(By MARIE HINTON REA)

Someone has asked, "What is Christmas Spirit?" and it is not so easy to analyze when one comes to think about it. It is more than the poignant memories of childhood; than the odor of pine and cedar; than a white world in monotone. It is even more than hearts flooded with melody in a golden tune of cheery greetings. The noiseless marching of the stars may sweep on as on that far-away morning in Bethlehem, but unless we are attuned to the divine spirit of "Peace on Earth, Good Will to Men," we know naught of Christmas Spirit. Unless we do our utmost to consider those who are in want; those who serve us in the purchasing of gifts and in the delivery of the same; unless the spirit of giving rather than of receiving is in our hearts then we have not truly tasted of the Christmas spirit. The sparkle of a thousand gems will not create Christmas spirit, neither will the power of gold bring the heart-contentment the words symbolize. Christmas spirit is made up of consideration for others. It is sublime and spiritual and akin to the genious of Christianity. It is ever the same, the difference is in our disposition to receive it. Let us cultivate it. Let us consider the individual. Let us shop early and let us ship early. Let us seek out the unfortunate and see they are fed. Let there be light outside our doors and we will know and feel the invisible spirit that is greater than riches—the spirit that marks the rejoicing on the anniversary of the birth of the Christ Child.

BUSINESS CLUB PARTY

Thursday evening, in the Canton room of The Palace Hotel, the Ukiah Business and Professional Women's Club will enjoy a holiday dinner and Christmas tree party. Miss Grace Emery and Mrs. Lottie Collins are in charge of the program and entertainment features. Mrs. C. A. Bernhard, club pianist, is arranging for the singing of Christmas carols around the table.

Visitors are always welcome at Joseph's.

CULTUS CLUB

The annual Christmas program of the Cultus Club was staged at the regular and last meeting for 1930 Tuesday evening of last week at the home of Mrs. R. R. Wilson in Dora street. The hospitality committee included Miss Evelyn Dalton and Mrs. Nellie Clark. They provided a delightful holiday setting with a lighted, gift-bearing Christmas tree for background. The program included a reading by Miss Dalton concerning the origin of Christmas and a group of Christmas carols sung charmingly by Mrs. Ben Cober, who was introduced by Mrs. Nina Banker, music chairman of the evening. Supper was served at tables bearing holiday suggestions in decorations and menu. The place cards were in the form of red candles. Guests of the evening were Mrs. Cober, Mrs. Lucy. Seawell and Miss Ruth Van Allen.

KOSMOS CLUB

Out of courtesy to a former active member the Kosmos Club abandoned plans for anything but a business meeting and tea service at their regular meeting date Thursday and attended the Bertha Emery art exhibit at the Saturday Afternoon Clubhouse in Ukiah. During the business meeting which was held at the club house in West Henry street, Mrs. F. D. Fatton presided. Tea was served by a committee including Mrs. Perle Crawford, Mrs. A. McCorrison, Mrs. Andrew Wilson. The club will not meet again until 1931.

CELEBRATES BIRTHDAY

Miss Marion Hansen, daughter of Dr. and Mrs. J. H. Hansen of this city, celebrated her twelfth birthday Friday in a delightful manner by inviting a score of young school friends to share with her in the pleasure of the matinee showing of "Tom Sawyer," at The State Theatre. Following the show the guests were taken to the Hansen home at Oak and Jones streets where a prettily appointed supper party was enjoyed. The young hostess received many nice gifts from her friends. Last year her birthday was observed by a trip to San Francisco where a visit was made to the great toylands of the metropolis.

MANY WIN FAVORS

Those who were awarded prizes for scores at the bridge party held Tuesday afternoon at the Joseph Cunningham home by Mrs. Cunningham and her daughter, Mrs. Stuart Grant, were Mrs. H. L. Preston, Mrs. A. R. Thomas, Mrs. F. E. Gilmore, Mrs. Terrill Duncan and Mrs. J. C. Johnson. The party was featured by a holiday setting of English holly, toyon berries and evergreens. The score favors were wrapped in holiday dress and the score cards carried the smiling face of good old St. Nick. Others who shared in the delightful hospitality of the two hostesses included Mrs. Mary Ruddock, Mrs. Rena B. Stout, Mrs. Ida Harris Brown, Mrs. Ruel Stickney, Mrs. Nina Banker, Mrs. C. H. Doolittle, Mrs. Harold Brunner, Mrs. Clark Avery, Mrs. R. R. Ingels, Mrs. Charles Kasch, Mrs. J. J. Thornton, Mrs. Louis Hofman, Mrs. J. P. Mason, Mrs. Theresa Ray, Mrs. Fred Bosworth, Mrs. W. L. Crawford, Mrs. Walter Smith, Mrs . Alfred Ploda, Mrs. Everett Cox, Mrs. J. A. Jamison, Mrs. F. M. Wilson, Mrs. J. J. Kirwin, Mrs. Orval Tadlock. Mrs. Joseph Madden.

LIVING LIGHTED TREES

The Ukiah Chamber of Commerce has gone on record as favoring outdoor Christmas trees and at a recent movement H. L. Bergstrom was appointed a committee of one to seek permission of the Mendocino county board of supervisors to plant two evergreen trees at either end of the State street side of the plaza which in the future will be lighted at holiday time. It is the plan to secure as large trees as may safely be transplanted. The Saturday Afternoon Club is another civic body that has gone on record as favoring a living Christmas tree and will shortly plant a young Redwood tree in the clubhouse ground which has been donated by Mrs. Edward A. Eversole. Each year the movement grows. Neighboring communities which will have living lighted Christmas trees this year are Upper Lake, where an 18-foot evergreen is already sending out myriads of colored lights on the winter night and Lakeport, where a living Christmas tree has been lighted yearly for several years. This year Ukiah now has a tree, cut down at the Howard ranch at Ridgewood erected in the plaza and brilliantly lighted.

ON SIXTY-FIFTH BIRTHDAY

In the room in which she was born 65 years ago and which is now the residence of her son, Mark York, Mrs. Henry York, pioneer mother of the Ukiah valley, was honored at a delightful party planned for her by two of her daughters-in-law, Mrs. Mark York and Mrs. Loren York Wednesday afternoon. The party was a complete surprise and proved a very happy event. Mrs. York was the daughter of Mr. and Mrs. Andrew J. Gibson, who owned the ranch house in which the party was held, at the time Mrs. York was born. Those who were present to felicitate Mrs. York and wish her many happy returns of the day were Mrs. L. Grothe, a sister, Mrs. G. M. Miller, Mrs. Alpha Lane, Dr. and Mrs. A. W. Young, Mrs. Clem Heryford, Mrs. Hanby Ford, Mrs. W. W. Melton, Mrs. L. H. Foster, Mrs. G. M. Ghochio, Mrs. E. W. Banks, Mrs. Fred Scholl, Mrs. Minnie Lambert, Mrs. Reuben Grant, Mrs. Mary York and Mrs. Loren York. A Christmas Vesper
By Florence Howard

FROM o'er the western hill tops, the wint'ry sunset glows,
Far off o'er hill and valley the last faint gleaming shows.
The wind is softly sighing as if sinking down to rest,
The cheery little snowbird hastens homeward to its nest.

Deep in the golden sunset, a star peeps shyly out,
As a jewel in the gate of heaven, stilling every doubt;
From behind the eastern hills the moon in grandeur comes,
In one great burst of radiance this quiet beauty sums.

All toil and pain and sorrow seem hushed by this deep calm,
A peace direct from heaven is sweeter far than psalm;
On this, a Christmas evening, is given to mortal men,
To feel, to hear, to utter that glorious, grand Amen.

JOHN WILSON, SR. BADLY INJURED

Bonnie Brae Resident Suffers A Lacerated Hand In Accident

(Special Correspondence of The Press)

CALPELLA, Dec. 16.— Intending to use the head of a shell in some work he was engaged in John Wilson, Sr., was seriously injured last week. Mr. Wilson, who is 80 years of age, is ever industrious and was making a ferrel and intended using a portion of the shell for that purpose. He did not know the shell had not been exploded and, in order to get the cap out of the shell, drove a file into the cap. The result was the shell exploded, badly lacerating Mr. Wilson's right hand. So badly was Mr. Wilson hurt it is feared he may lose a finger. The victim of the accident is a fine old gentleman and everyone who knows him will deeply regret to hear of his misfortune and express a hope he may suffer just as slight injury as possible.

Boonville Children In A Might-Have-Been Serious Accident

(Special Correspondence of The Press)

BOONVILLE, Dec. 16.—All organizations are joining forces with the pastor of the Methodist church, Rev. D. T. Reed, and will present a Christmas pageant at the high school auditorium December 23. Mrs. Jessie B. McCarty is chairman of the general committee and has a score of able helpers.

A Holiday Visit.

Mr. and Mrs. H. V. Nichols and daughter, Lillian, motored to Ukiah and Calpella Saturday. They were accompanied home by Mrs. Nichols' mother, Mrs. West, of Fort Bragg, who has been a guest of her son, Neil Larson, at Calpella, since Thanksgiving. Mrs. West plans to remain here until after the holidays.

Got Christmas Greenery.

Mr. and Mrs. A. J. Morawski, of San Francisco, and Charles Vallier, of Sebastopol, were guests of Mr. and Mrs. R. E. Vallier over the week-end and while here availed themselves of an opportunity of gathering toyon berries, mistletoe and Christmas trees to take home with them.

Beautifies Yard.

Rev. D. T. Reed has further improved the churchyard by adding a border of native shrubs back of the recently graveled driveway.

Had Class Tea.

Quite a few local women were guests of the art class at a tea Tuesday afternoon at the high school and also enjoyed watching the class work. Most of the members are making Christmas presents and are turning out some beautiful gifts. The recipients will indeed be lucky.

Work Progressing Well.

The new bridge north of Boonville was opened for travel Monday. The piece of work near Dutro's is completed and the shovel finished the Fairbanks job December 10. The contractors are going to be very close to their completion estimate December 19, the date their contract calls for. Had they encountered the usual fall rains they could not have finished so near schedule.

On Last Details.

Travel had been turned on all three new pieces of work by December 12 although they have not been oiled, and nearly all the machinery has been moved out and most of the workers have left. A few are still busy finishing up odd jobs, but they are being held up by the rain that began Friday.

Apples Were Delivered.

Mr. and Mrs. D. P. Lawson made a trip to Healdsburg Tuesday to make a final delivery of dried apples. They had the bad luck to have their truck break down as they reached there and were detained a couple of days having it repaired.

Physician May Locate.

A local business man had an inquiry a few days ago from a young physician who is looking for a location and was anxious to get in touch with Dr. Tabler with a view to buying him out. Dr. Tabler is at present in Selma and will not return until December 28, and as he is well past 80 years of age residents here are interested in having a young man come in, and a capable man should have no difficulty building up a good practice.

Mr. and Mrs. W. L. St. John motored to Santa Rosa Monday.

E. O. Hotell, of Hopland, visited his mother, Mrs. W. C. Hotell Friday.

Spirited Games Booked.

Two basketball games between the local Athletic Club and Point Arena are scheduled for Saturday evening at the high school auditorium. They also have games arranged with Ukiah and Santa Rosa for this month and basketball fans are looking forward to these games as both places are reported to have fast teams and the locals have a very fine record so far.

Plan Holiday Program.

The local schools are busy on Christmas programs. Mrs. Mendosa and pupils are giving "Chimes Ring In" at the school the evening of December 18 and Miss Brown's school is presenting "Puss In Boots," the dialogue of which was written at school, December 17. The schools down the valley are reported to be also busy on plays.

George H. Estes was a business visitor in Ukiah Saturday.

Prof. and Mrs. B. M. Estes and family, accompanied by Miss Madge Johnson, motored to Santa Rosa Saturday.

An Auto Accident.

What came near being a bad accident occurred on a Boonville street Tuesday of this week when the brakes on a parked car gave away. Mrs. Alice M. Dean, accompanied by Mrs. Fuller and her three small children, had parked the car in front of the Mims residence on an incline. The children were left in the machine while the ladies attended to some shopping. The brakes failed to hold and the car rolled backward some distance, crossed the street and crashed into the fence on the D. V. Presley place. A deep drain ditch runs through town at this place and has a culvert in front of the Presley gate. One wheel of the machine cut the corner as it passed over it. This was the only place for some distance where a car could cross and it was a wonder it should roll to the culvert instead of crashing into the ditch, which would have caused a serious wreck.

COMPLETE BUILDING

Crawford & Baker, local contractors and builders, have completed an addition to the business building at Talmage owned by Jack Luchessi and occupied by the Milne merchandise store and postoffice. The improvement includes a 20x40-foot building which will be fitted up as a pool room.

Shower For Newlyweds.

The home of Mrs. A. Niderost was the scene of a delightful afternoon affair Saturday last when many of Mrs. Niderost's friends gathered at her home for the afternoon. The affair was a miscellaneous shower in honor of Mrs. Niderost. Many useful and beautiful gifts were received from the guests. Refreshments were an enjoyable feature of the occasion.

Metzler's Store Burglarized.

Burglars, presumably local, entered the general merchandise store of J. D. Metzler, Saturday night, taking quite a large stock of dry goods and groceries. Entrance was had by the front door — by breaking the glass on failing to unlock the door through a hole which the robbers made with a bit in the door frame. About $150 worth of stock was missing after the robbery. Officers who are working on the case claim the gang that has burglarized several other stores here and at other places in the county are responsible.

FORCED TO RETIRE
DR. ARCH HUTCHINSON, D. D. S., says he regards new Sargon as real triumph of Science.

"Up to a few years ago I practiced my profession in Seattle, Washington, where I had a large and lucrative practice. On account of poor health I was forced to retire.

"For four years my strength and vitality declined steadily. I traveled from place to place in search of health but continually grew worse.

"The Sargon Treatment completely restored my health. The way it restored my energy and vitality is nothing short of remarkable. I feel better than for 20 years and attribute my present good health to this great medicine. I regard it as a real triumph of Science."

Dr. Hutchinson now resides at Palo Alto, California.

"Strive for Quality"

Meet the challenge of 1931 with Gaviota Fertilizer

THE challenge of 1931 to California agriculture is recognized by leading figures in the industry, among them Frank T. Swett, far-sighted President of the California Pear Growers Association.

"Up to this year," says President Swett, "growers have received a moderate price for culls. Now, however, due to changing conditions, the cull has become a liability. Today, *the grower must strive for quality!* Pears of 2⅜" and 2¾" sizes will find the readiest market...the largest profits."

No wise grower will question President Swett's prophecy. For the wise grower of pears...or of *any* farm product...needs only look at the experiences of 1930 to know that *the challenge of 1931 is the demand for quality.*

Make 1931 a quality year in *all* crops! Gaviota Fertilizer will help you produce top quality, just as it has helped other California growers for forty years. A *complete* plant food, Gaviota provides a mix just right for the needs of your soil. Moreover, Gaviota field men will help you in determining and supplying those needs. Your request for their assistance does not obligate you. Just write,

LICENSES MAY NOW BE BOUGHT

Motorists Are Urged To Send In Their Applications

California motorists to the number of more than 2,000,000 are required to renew registration of their cars and obtain new license plates during the period extending from December 15 to January 15 at midnight. After the expiration date they will be subject to arrest and fine for driving without the new plates or evidence of having made application.

Where It is Done.

Renewal of registration and issuance of license plates is conducted by the California State Automobile Association at 62 offices throughout northern and central California. All offices of the Division of Motor Vehicles issue plates. The Division office in Sacramento receives applications by mail and delivers plates by the same means. In all instances, whether application is in person or by mail, it is important that the correct address appears on the white slip certificate of registration accompanying the registration fee of $3. For the new year the color scheme of the license plates is orange lettering on a black background, reversing the colors of the 1930 plates.

PUNISH GAME LAW VIOLATORS

Officers Are Active And Many Are Taken Into Court

Game law violations were particularly numerous in the Willits section last week. Among the arrests were those of Pio Gusmoroli, who had deer meat in his possession. He was fined $150. About the same time Kenneth Dryden was arrested for the same offense. He appeared before Judge W. F. Whitney and was fined $60. Phillip Sirizzotto was also arrested for possession of deer meat, but pleaded not guilty and will appear for trial before Judge Whitney today. A couple of days previously Deputy Fish and Game Commissioners R. C. Marshall, of Willits, and E. J. Johnson, of Garberville, who made the above arrests investigated the kit of two youthful trappers, Frank Haun and Edward McPhillips, who were enroute to Willits, and found two deer hams and other parts of a deer in their car. Both youths are under 21 years and will appear before Judge H. L. Preston here. To complete a good week's work the two fish and game officers made two arrests in Humboldt county, both the men were unable to pay fines and will serve time in jail. One of the offenders was a woman who is said to have stated in court she had been in many of the best jails of the United States.

Saw Many Deer.

Mr. and Mrs. W. W. Coke and Mrs. Alice Bradshaw had a picnic party on Black Butte Sunday afternoon. Above the fog line they found the day warm and delightful. Half a hundred deer disported for their pleasure in the background while they made coffee and enjoyed the marvelous view from the top of the mountain.

Albert Winters and Walter Winters were passengers for San Francisco Sunday.

Church Program Announced.

The following interesting schedule has been prepared by Pastor H. L. Burnham, of the Presbyterian church for the remaining part of the month of December: A Christmas tree, December 24. On Christmas eve the church and Sunday school are planning an interesting program. Christmas trees and Christmas cheer, in the form of a playlet called "Solving a Christmas Problem," together with a pageant of the Nativity arranged by Mrs. Burnham, which will bring a vivid impression of the birth of Christ. Everybody is invited to come and enjoy this Christmas service. Sunday sermons — Morning, December 21, "The Christ Child"; December 28, "Life's Blue Prints"; evening, December 21, "How the Christ Child Came To Jimtown," a story of California Christmas in early days; December 28, "How To Keep Young As You Grow Old." Wednesday evening subjects — Plans to study God. The church plans to study God through the life of Jesus. The world is becoming more anxious to know about God. There is more thought given to religious experience than there has been before in 50 years. With this fact in mind, this course will trace anew the story of the one life in the world's history which had a perfect understanding of God. How can you get more out of one hour a week than in a study like this? Come and see. Wednesday evenings, 7:30 to 8:30.

A unique service is planned for New Year's eve, December 31. It is called "Witches and Wishes." A good time for everybody. Come and enjoy yourself.—Herman L. Burnham, Minister.

Try Merit System.

Much interest is being evinced at the high school in the new merit system, instituted this fall, whereby merits are awarded for effort and co-operation in class work. At the end of each quarter comes the announcement of the honor roll for that quarter. Students who have attained to this roll are entitled to a Friday afternoon off, under supervision, for recreation or entertainment. The plans for this work are directed by W. W. Coke, advisor of the Scholarship Federation chapter.

Showed Moving Pictures.

The program for December 12 included a two-reel picture at The Owl Theater, the one depicting the grandeur of the Grand Canyon and the other being a drama, "The Maverick." In addition there was a short assembly, at which Miss Florence Gray gave an account of the recent trip of delegates to the semi-annual meeting of the Scholarship Federation in Santa Rosa, and Miss Lolita Long spoke on the relationship of the chapter members to scholarship as seen from the point of view of the university instructor. Three points of criticism are advanced by the universities. First, high school teachers are inclined to grade too high; second, they do not work the students to capacity; third, they do not make the students personally responsible for the quality of their own work.

On Honor Roll.

Those students attaining to the honor roll during the quarter just ended are Phyllis Brush, Irma Cubbler, Dolores Dyer, Evelyn Dyer, Irene Fish, Shirley Goodwin, Florence Gray, George Grist, Vernon Grist, John Ham, Joseph Williamson, Dorothy Wilsey, Audrie Short, Zella Hill, Lolita Long, George Lowry, Margaret Perkins, Leora Ryan, Katherine Schick, Walter Weymouth, Woodie Whipple, Cecil Williamson, Glenn Willits, Stanford Long, Harvey Goddard and Helen Lowry.

Seek Auditorium Betterment.

At call of Mrs. G. R. Redwine, of the Women's Improvement Club, there was a joint meeting Monday evening of committees from the club, the two school boards and the dance committee to consider the matter of renovating the auditorium. After some discussion and advising with Mr. Goertz it was decided to have both the auditorium and the domestic science room retouched during the mid-winter vacation. The walls will be re-tinted, a wainscoting will be placed in the auditorium to protect the walls against the stacking of chairs, and the floors will be cleaned and waxed. G. F. Goertz will have charge of the work.

Missionary Society Met.

The Dorcas Aid Society enjoyed the hospitality of Mrs. G. R. Redwine at the regular monthly missionary meeting on December 6. At this meeting the study of the text on India was completed, Mrs. Roy Dunlap, Mrs. Wren and Mrs. Burnham assisting with the program. The hostess served jello with whipped cream to the 17 members present. The meeting for the following Friday was held at the parsonage. In the absence of leaders those present enjoyed the afternoon in a good old-fashioned visit.

In Charge Of Affair.

Mrs. F. E. Woolley, Mrs. M. C. Hurt and Mrs. Lester Fitzhugh constitute a committee to prepare a program for Augusta Chapter, O. E. S., for Thursday, December 18. There will be a short program pertaining to Christmas, and we think we heard something about eats, but perhaps that is a secret. Any way members may be sure the evening will prove interesting. Come and encourage the new officers by your sympathy from the side lines.

To Curtail Program.

The next meeting of the Women's Improvement Club will fall on Saturday. Since the date is so near the the holiday season, when everyone is unusually busy, there will be no special program. Matters of local interest, however, will make it quite worth while for members to be in attendance.

A Delightful Evening.

The program presented last week by the class in public speaking, under direction of Mrs. Alice Bradshaw, met with hearty appreciation from the hundred or so hearers. Good music for the opening put the audience and speakers in a happy mood. The eminently fair definition of terms by the affirmative and the ready acceptance of this preliminary by the negative were also pleasing. When the two-edged sword of sharp personality crept in, true to form, it cut both ways; we feel sure it will not appear again. Burlesque emotional appeal for the sympathies of the farmer audience, in the way of stage make-up, strengthened the negative. Whether from this, or the merits of the question, or the weight of argument, the decision of the judges was 3 to 2 in favor of the negative. Speakers for the affirmative were W. W. Coke and Grantland Winters; for the negative L. L. Sanders and Mrs. D. T. Johnson, with Mrs. W. S. Osborne as a charming "Exhibit A" to clinch the argument. The judges were Dr. J. S. Hogshead, H. S. Ure, Rolland Hurt, C. L. Hemenway and E. A. Gravier.

Many Fine Numbers.

Musical numbers included "L'Angelus," by Gounod, with a brief explanatory introduction by Mrs. C. S. Foster, played as a duet by Miss Zella Hill and Mrs. Foster; vocal solo, "One Fleeting Hour," Mrs. Florence Wren, accompanied by Mrs. G. R. Redwine; piano solo, "Scarf Dance," Chaminade, by Miss Alta Hill; duet, "Moon Rocket," Walter Rolfe, by Mrs. Foster and Miss Alta Hill; and community singing with Mrs. Redwine at the piano.

Is Kept Going.

Assemblyman G. M. Duggar has been busy the past week on a number of matters of official and public interest. At the invitation of Farm Advisor Bernard, of Lake county, he spoke before the business men of Lakeport at a dinner given by the Business Men's Club in honor of their new officers on the evening of December 11. The morning of the 12th he presided over the highway committee of the North Coast Council of the State Chamber of Commerce at Santa Rosa. The chief points of interest at this meeting were ways and means of financing the Shoreline Highway; present construction progress on the state highway system, and a discussion led by State Engineer C. H. Purcell on present and future projects. The afternoon of the 12th there was a special meeting at Santa Rosa with supervisors and others to discuss county planning. Two authorities on county planning were present to assist in the discussion. Invitations had been issued to supervisors of seven counties—Lake, Marin, Sonoma, Mendocino, Humboldt, Del Norte and Napa—and to business men, 67 in all, to be present and participate in this discussion. Saturday Mr. Biggar attended the luncheon and meeting of the Redwood Empire Association highways committee at Hotel Van in Willits. From here he went to San Francisco to confer with party leaders concerning the work of the approaching session of the legislature. Thursday of last week Mr. Biggar received official notice of his appointment by President Frederick J. Koster to membership for the ensuing year on the Statewide Highway Committee of the State Chamber of Commerce.

Ready To Assist.

F. O. Long, Albert Winters and J. I. Hurt, of the aviation committee of the Round Valley Farm Center appeared before the County Board of Supervisors last week to confer concerning the securing of an aviation field for Covelo. They found the Board willing to co-operate in this work, and a resolution to that effect was adopted.

Remodeling Home.

Harold Goforth is having some extensive remodeling done on the Firebaugh house recently purchased by him. C. G. Fish and W. F. Lovell are in charge.

Had A Collision.

The county truck driven by Jim Goforth collided with the passenger stage driven by J. D. Morrison on the Dos Rios grade the morning of the first slippery rain last week. The top was torn from the stage and the rear bumper was badly bent. Fortunately no harm was done to either of the two drivers.

Kicked By Cow.

S. W. Walter suffered a very painful wound Friday when the cow he was milking kicked him in the right hand, slitting the flesh so two stitches had to be taken in the wound to repair the damages. His brother-in-law, Caleb Brush, suffered a broken collarbone earlier in the summer. Mr. Walter was taking care of the latters cows also. Between the two accidents they are finding dairying a hard game.

Walter Foster was in town Saturday on his way home from an extended trip in the bay region.

Cleo O'Ferrall, of the horse ranch, was a Covelo vlistor Sunday.

Mr. and Mrs. W. H. Ham returned Saturday from a business trip to San Francisco.

Tony Bernotte came in from the road camp for change and rest at the end of the week.

Ray Harpe will be home from Sequoia Park this week to take his family back with him where he is working on a government construction road job.

Mrs. Johnson's normal class expects to take county examinations at Eureka and at Ukiah next week and the week following.

Ranger and Mrs. F. O. Long and daughter, Azile, will pass their annual vacation visiting relatives in San Jose, Sacramento and Roseville.

To Attend Wedding.

Mr. and Mrs. J. B. Bellatti will go to Eureka for the marriage of a niece on December 20. They are hoping for a family reunion at the home here for Christmas.

Mrs. Freda Bucknell, Charles Bucknell and Glenn returned the first of the week from Lake county.

Mr. and Mrs. Martin Brown and three children are passing a short vacation with Mrs. Brown's parents in Vallejo.

E. W. James, of the State Automobile Association, was attending to official duties in Round Valley during the week.

Had Bad Luck.

Mrs. Georgia Fish had the misfortune to lose a purse containing $26 while gathering toyon berries last week—and she had the owner's permission to get the berries, too.

Mr. and Mrs. G. R. Redwine have gone to Santa Maria to pass the holidays with their two daughters.

To Dance Christmas.

D. A. Brush and Archie Moore, of the dance committee, will give a ball at the auditorium the evening of Christmas Day, December 25. Details of their plans are not yet available.

Tree Surgeon Is To Inspect Henley Oak

H. J. Hutchinson, of the Eureka West Coast Tree Surgeons, was a business visitor here Monday. Mr. Hutchison stated much interest is being taken in the preservation of fine old trees, particularly the oaks, and his firm is building up a nice business in California and Oregon. Mr. Hutchison will probably take care of some of the trees in the courthouse plaza but his visit here at this time is to look over, if possible, the fine old Henley oak in Round Valley, which is said to be the largest oak tree in the west.

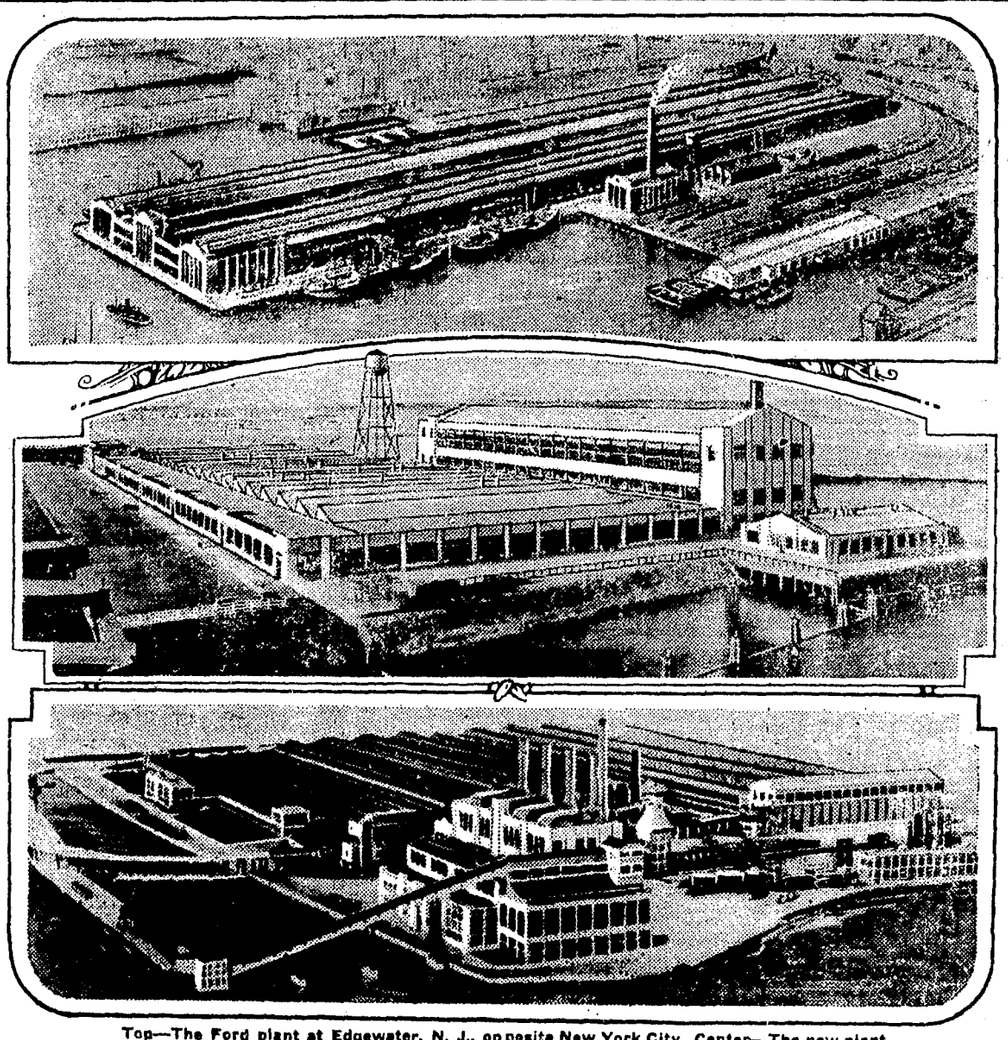
Ford Shows Faith in Future by World Wide Construction Program



Top—The Ford plant at Edgewater, N. J., opposite New York City. Center—The new plant at Long Beach, Cal. Bottom—A model of the plant being built at Dagenham, England.

THE Ford Motor Company's faith in the future of business, and especially in the future of the automobile, is evidenced by the fact that it is spending more than $60,000,000 for new plants and improvements in the United States and in foreign branches and associated companies.

The company has nine new plants under way throughout the world, while plans are being formulated for several others not yet announced. Wherever possible the new plants are being erected on sites accessible to both rail and water transportation so that, with each form of transportation supplementing the other, substantial savings will be effected.

Five of the new plants are in the United States, as follows:

Long Beach, California—This plant, recently completed to serve Southern California, has a capacity of 400 cars a day. Operating at capacity it employs 2,600 men.

Edgewater, New Jersey—The Edgewater plant, one of the company's largest assembly branches, has just been completed to serve New York City and surrounding territory. It has a capacity of 600 cars a day and employs 6,000 men.

Richmond, California — Work was started recently on a plant at Richmond, to be completed next year. It will have a capacity of 400 cars a day and will employ 2,400 men. It will supply cars to the San Francisco area.

Buffalo, New York—This plant will have a capacity of 400 cars a day and will employ 2,500 men.

Seattle, Washington — A site has been acquired and plans for a plant are being drawn.

A new manufacturing plant being erected at Dagenham, England, eighteen miles from London, to supplant the present works at Manchester, will be completed next year. It will be the largest automobile factory in the world outside the United States. Its capacity will be 200,000 cars a year.

An assembly and manufacturing plant is being built at Cologne, an assembly plant at Antwerp, and a service plant at Stockholm. Two branches—one at Perth, Australia, and one at Port Elizabeth, South Africa—were completed.

In addition the Ford Motor Company is spending several million dollars to increase the power capacity of the Rouge plant at Dearborn, Mich., and several million more in miscellaneous improvements.

COAST CHURCH WAS DESTROYED

House Of Worship Of The Catholics Burned In Mendocino

The Catholic church and dormitory of the Franciscan Fathers at Mendocino, which was built in 1906 at a cost of about $25,000, was completely destroyed by fire Tuesday evening of last week. The buildings, which stood on a high bluff at the northern end of the coast town against the background of the ocean, were plainly visible for a long distance up and down the coast and made a spectacular blaze which was discernible at Fort Bragg, about 12 miles north.

What Cause Was.

The fire is said to have started as the result of a defective chimney. Earlier in the day the chimney had burned out and Father Joseph, the only occupant of the place, called in Emil Semen, of Mendocino, and the two men made a careful examination of the chimney but could find no evidence of weakness in the bricks. The fire broke out first in the upper part of the building and it is thought burning soot leaked through a slight break, finally igniting the interior.

All Was Lost.

So quckly did the fire spread it was not possible to save anything in the west wing of the building but a few of the church furnishings and vest-

ments were removed.

So heavy was the smoke Alfred Nichols and Albert Lemos, volunteer firemen, were overcome and had to be carried from the building where they were revived in the fresh air. It is said only $6000 was carried in insurance.

Priest Was Absent.

Father Anthony, resident priest, had been absent in San Francisco and was enroute home when the fire occurred. He reached Little River, about three miles south of Mendocino, in time to see the glare of the burning buildings lighting the sky and when he reached Mendocino only burning embers and ashes remained of the buildings.

Fort Bragg Firemen Aided.

The Fort Bragg fire department stood by but could not quench the flames which destroyed the buildings in an hour and a half.

DEATH CALLED FRANK STRONG

Highly Regarded Resident Buried Here Friday Last

Funeral services were held here Friday afternoon for Frank O. Strong, pioneer resident of Mendocino county, who passed away Wednesday evening following a short illness. The service was held at two o'clock from the Eversole Mortuary, with Rev. Warren Bonner officiating. The pall bearers were E. B. Gibson, F. M. Wilson, J. A. Jamison, Ben Horr, J. Redemeyer and William Bromley. During the service Dr. Robherd Thomas sang two numbers, accompanied at the organ by Mrs. Gladys Richey. The chapel was heaped with lovely fragrant flowers. Interment was in the Ukiah cemetery.

A Native of Illinois.

Mr. Strong was born in Aurora, Illinois, and was 74 years old. For many years he was postmaster and merchant at Calpella. About 25 years ago he moved here, with his family, since which time he has been a faithful employe of the Mendocino state hospital.

Was Highly Regarded.

The life story of Frank Strong is that of the loyal friend, faithful and devoted husband and father, upright citizen and kindly neighbor. Few knew Frank Strong but to admire his consistent kindly attitude toward life and his going leaves a void. Surviving relatives are his devoted wife, Matilda Strong, and two daughters, Mrs. Mamie Green and Mrs. R. L. Andrews. A granddaughter, Mrs. Marcus Gilmore, also survives.

NINE-COUNTIES' COMMITTEE MET

Highways And Natural Resources Questions Were Considered

Supervisors J. M. Rupe and N. P. Howe represented Mendocino county Thursday at the nine-counties highway committee of the Redwood Empire Association conference held at Santa Rosa. The field survey and study committee recommended inclusion of the Shoreline, Russian river, Petaluma-Lakeville and the Geyser highways in the state highway system as secondary roads. The gathering also went emphatically on record as urging a sufficient appropriation be made for the completion of the Cloverdale-Hopland relocation of the Redwood Highway in the next biennium instead of merely enough funds to partially complete the work.

Was Well Attended Meeting.

More than 50 persons were at the conference, which was preceded by a banquet at the Occidental Hotel. The committee Friday went into Napa county and returned to Sonoma county by way of the Geyser highway on the first lap of the highway survey and then to Middletown by way of Calistoga. Saturday evening a meeting was held at Willits by the field survey and study committee.

Want Game Fish.

Another subject of importance here was clearing of rough fish from Russian river and re-stocking of streams and lakes with game fish, which was taken up by the conservation committee headed by Harry Ridgeway, of San Rafael.

Considered Deer Question.

This committee also considered the transportation of deer from one section of the state to another and the projected crossing of new stock with the present deer. Recommendations on improved grades of fruit for foreign shipment and foreign requirements for packing were considered by the foreign trade group.

WOULD EXTEND DAIRYING WORK

Cow Testing Association Will Embrace More Territory

(Special Correspondence of The Press)

POINT ARENA, Dec. 16. — J. J. Caylor, Ed Gordon, Clyde Henry and Ed Pedrotti went to Fort Bragg to meet the Nine Counties Caravan that is going over the Shoreline Highway.

Suffered An Accident.

Word has been received Mrs. W. R. Ganie, of San Jose, had fallen and broken her hip. This is very unfortunate as the lady is well along in years and recovery from an injury of this nature is uncertain.

A Coming Wedding.

A lovely wedding cake is on display in the window of the local bakery seems to have the names of Einer Dahl and Albina Franci traced faintly in the frosting.

There's No Place Like Home.

Oh, the party that wrote about Home Sweet Home
Never was a married man.
He never had a loving wife
To greet him with a fryingpan.
He never knew that the welcome mat
Meant family jaw and things like that.
Oh, the party that wrote about Home Sweet Home
Never was a married man.

The foregoing old chorus was brought to mind Saturday night while attending the high school play entitled "The Family Downstairs," in which the plot was to marry off the 23-year-old daughter, and the family rows and arguments leading up to that event were so realistic and true to life the audience, especially those who were married, got the greatest enjoyment out of the play. The parts were all well carried out and the talking was loud enough for all to hear. After the play, dancing was indulged in until two o'clock. Mrs. Ornbaun, who coached the play, is entitled to commendaton for the manner in which the same was put on.

Mr. and Mrs. William Watner, of Ferndale, arrived Monday on their way home and stopped overnight to attend the Civic Club monthly social night and shake hands with friends.

An Enjoyable Affair.

The Civic Club social night was well attended, with cards and dancing as the amusements. Richard Johnson sang three songs that were appreciated as was the old-time tea party exemplified by six high school girls.

On A Road Trip.

Newt P. Howe went to Ukiah Monday to attend the meeting of the Board. From there Mr. Howe went to San Francisco where he joined a caravan that would go on a six-day trip over the proposed Shoreline highway as far as Grants Pass, Oregon. Mr. Howe is to be highly commended for the interest he has taken in furthering the building of this highway.

Officers Were Named.

Assistant Farm Advisor Foote was over Thursday attending the local Farm Center meeting. This was the date of the annual election of officers and those selected were: Chairman, Clarence Coliver; vice-chairman, Henry Halliday; secretary, Don Thompson; director, Joe Scaramella; alternate director, Dan Jensen. At this time the matter of reorganizing the cow-testing association for the current year was taken up and it was decided to take in a number of dairies in Lake county as well as some in Ukiah and Hopland.

Earthquake Shock Felt.

Some of our light sleepers reported a slight earthquake at one o'clock Thursday morning. No damage was done, but it served to remind the ones who felt it of the quake of April 18, 1906.

W. I. Newcomb, of Fish Rock, was transacting business in Point Arena Thursday.

A Deep Well.

The oil well is now down one mile and, if they never strike any oil, the well can be worked up into a lot of fine post holes. At times the indications for oil are favorable, according to those who claim to know, while at other times it does not look so good. To the uninitiated it does not seem anyone could form a correct idea as to whether oil would be struck or not when all the evidence they have to base their opinion on is what mud and slush comes up, but we are willing to hope they "know their stuff" when they say prospects are good.

A School Party.

The senior class at the high school gave a party Friday night to the other students and also invited the parents of the scholars. Dancing was the principal pastime and refreshments consisting of cookies and cider were served. B. H. Begley kindly allowed the boys to make what cider they wanted and the boys took advantage of their good fortune and made a generous supply, 15 gallons, so that as long as the guests would drink the cider the boys and girls would refill the glasses.

Fishing Only Fair.

Fishing is about average at this time — salmon fishing is about over and steelhead are just beginning to run and a few have been taken. Should be good.

Fast Basketball Game Ended In Local Win—Covelo Is Coming

The Ukiah high school A and B teams gave the reputed strong Antioch quintets a lesson on how basketball is played by rugged mountaineers. The local A team humbled the visitors by the score of 31 to 0. The lightweights downed the boys from across the bay by the score of 18 to 7. Both contests were hard fought.

A Star Player.

Little John Balzarini stamped himself one of the cleverest basketball players here. Everything Johnny did was done with the grace and skill of a master. Other members of the squad performed in a much improved manner.

Will Meet Covelo.

Friday night at the local high school gymnasium the strong Ukiah high school teams meet Covelo high in three fast and thrilling contests. Word comes from Covelo 40 boys have been out for basketball at that school since the opening of school in September. The local boys are preparing themselves for the visitors by strenuous workouts.

TOM JAMESON IS PRESIDENT

Redwood Valley Farmers Have New Head Of Their Body

(Special Correspondence of The Press)

REDWOOD VALLEY, Dec. 16. — There was a nice attendance at the Farm Center Tuesday evening. Election of officers was held and T. Jameson was named president; C. Hargreaves, vice-president; L. S. Simmons, secretary and treasurer; R. Yarbrough, director; Alec Kauhanen, alternate director. Discussions were had on the various phases of community interests. The resolution which was recently framed by the Improvement Club, with reference to denouncing the employment of aliens by government employers, was approved by the Center.

Told Of Progress.

Farm Advisor Myszka reported on the progress that has been made in 4-H Club work the past year and a continuous attendance of the members and extension of activities was urged. He also touched on the economic depression and predicted a better outlook for 1931.

A Helpful Suggestion.

Mr. Myszka suggested when a farmer has stock or farm machinery he wishes to buy or sell he list it with the Farm Advisor and it will be read at the various Centers, which will enable the farmer to locate or sell more easily the article listed. Mr. Myszka also stated that, at a meeting of the county directors, a committee was appointed to make a survey of the school system with the idea of curtailing expenses. This is to be given special attention. He also said the tax research department of the State Farm Bureau was working on a new tax program to change the method of taxation, as the present system seems unsatisfactory.

Not In Accord.

Regarding the wage scale which was supposedly set by the Farm Bureau at a recent meeting a motion was made that the center go on record to refuse to participate in setting a wage for pruners.

Warned About Scale.

Mr. Myszka exhibited an apple tree which was badly infected with San Jose scale and he advised a combined spray of oil, lime and sulphur to control the disease. A formula for spraying may be obtained at his office.

Entertainment Provided.

The program of the evening continued with other reports and community singing and a Scotch story by John Wilson. An industrial film on "Electricity and the Distribution of its Power" was featured.

To Handle Program.

F. Zeek and Mrs. J. Brown will have charge of the program for the next meeting.

To Have A Tree.

Committees from the various organizations in the valley met at the school Thursday afternoon to discuss the community tree and treat for the children. Some had suggested an inclination to dispense with the Christmas feature this year and have only the program which is being arranged by the teachers. This, however, was voted against at the meeting and the committee heartily approved a community tree and solicitors were appointed to visit the homes for the usual donation. The entertainment will be given Friday evening, December 19 at the school auditorium.

The Sunday school will have its Christmas exercises Sunday evening, December 21, at 7:30 o'clock, at the clubhouse.

The Grange Meeting.

A very pleasant time was passed at the Grange Friday evening when 120 members and their families participated in their bountiful Harvest Supper. Mrs. Fred Finne deserves much praise for the pretty decoration and artistic arrangement of the table.

HAWKS KILLING QUAIL

In the Little River section it is said hawks are chasing quail and destroying many. Hunters find the remains of dead birds which have been eaten by them, and it is a frequent sight to see a hawk sail over close to the ground watching for a wounded bird to swoop down on it and carry it away.

A Christmas Vesper
By Florence Howard

FROM o'er the western hill tops, the wint'ry sunset glows,
Far off o'er hill and valley the last faint gleaming shows.
The wind is softly sighing as if sinking down to rest,
The cheery little snowbird hastens homeward to its nest.

Deep in the golden sunset, a star peeps shyly out,
As a jewel in the gate of heaven, stilling every doubt;
From behind the eastern hills the moon in grandeur comes,
In one great burst of radiance this quiet beauty sums.

All toil and pain and sorrow seem hushed by this deep calm,
A peace direct from heaven is sweeter far than psalm;
On this, a Christmas evening, is given to mortal men,
To feel, to hear, to utter that glorious, grand Amen.

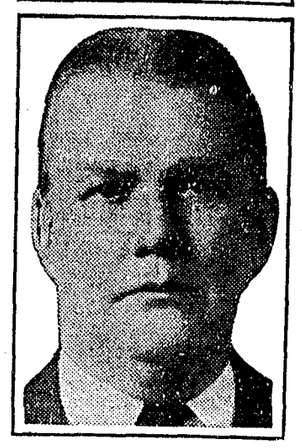
FORCED TO RETIRE

DR. ARCH HUTCHINSON, D. D. S., says he regards new Sargon as real triumph of Science.



"Up to a few years ago I practiced my profession in Seattle, Washington, where I had a large and lucrative practice. On account of poor health I was forced to retire.

"For four years my strength and vitality declined steadily. I traveled from place to place in search of health but continually grew worse.

"The Sargon Treatment completely restored my health. The way it restored my energy and vitality is nothing short of remarkable. I feel better than for 20 years and attribute my present good health to this great medicine. I regard it as a real triumph of Science."

Dr. Hutchinson now resides at Palo Alto, California.

"Strive for Quality"

. . . . . says Frank T. Swett, President California Pear Growers Association

Meet the challenge of 1931 with Gaviota Fertilizer

THE challenge of 1931 to California agriculture is recognized by leading figures in the industry, among them Frank T. Swett, far-sighted President of the California Pear Growers Association.

"Up to this year," says President Swett, "growers have received a moderate price for culls. Now, however, due to changing conditions, the cull has become a liability. Today, *the grower must strive for quality!* Pears of 2⅜" and 2¾" sizes will find the readiest market...the largest profits."

No wise grower will question President Swett's prophecy. For the wise grower of pears...or of *any* farm product...needs only look at the experiences of 1930 to know that *the challenge of 1931 is the demand for quality.*

Make 1931 a quality year in *all* crops! Gaviota Fertilizer will help you produce top quality, just as it has helped other California growers for forty years. A *complete* plant food, Gaviota provides a mix just right for the needs of your soil. Moreover, Gaviota field men will help you in determining and supplying those needs. Your request for their assistance does not obligate you. Just write,

Church Program Announced.

The following interesting schedule has been prepared by Pastor H. L. Burnham, of the Presbyterian church for the remaining part of the month of December: A Christmas tree, December 24. On Christmas eve the church and Sunday school are planning an interesting program. Christmas trees and Christmas cheer, in the form of a playlet called "Solving a Christmas Problem," together with a pageant of the Nativity arranged by Mrs. Burnham, which will bring a vivid impression of the birth of Christ. Everybody is invited to come and enjoy this Christmas service. Sunday sermons — Morning, December 21, "The Christ Child"; December 28, "Life's Blue Prints"; evening, December 21, "How the Christ Child Came To Jimtown," a story of California Christmas in early days; December 28, "How To Keep Young As You Grow Old." Wednesday evening subjects — Plans to study God. The church plans to study God through the life of Jesus. The world is becoming more anxious to know about God. There is more thought given to religious experience than there has been before in 50 years. With this fact in mind, this course will trace anew the story of the one life in the world's history which had a perfect understanding of God. How can you get more out of one hour a week than in a study like this? Come and see. Wednesday evenings, 7:30 to 8:30.

A unique service is planned for New Year's eve, December 31. It is called "Witches and Wishes." A good time for everybody. Come and enjoy yourself.—Herman L. Burnham, Minister.

Try Merit System.

Much interest is being evinced at the high school in the new merit system, instituted this fall, whereby merits are awarded for effort and cooperation in class work. At the end of each quarter comes the announcement of the honor roll for that quarter. Students who have attained to this roll are entitled to a Friday afternoon off, under supervision, for recreation or entertainment. The plans for this work are directed by W. W. Coke, advisor of the Scholarship Federation chapter.

Showed Moving Pictures.

The program for December 12 included a two-reel picture at The Owl Theater, the one depicting the grandeur of the Grand Canyon and the other being a drama, "The Maverick." In addition there was a short assembly, at which Miss Florence Gray gave an account of the recent trip of delegates to the semi-annual meeting of the Scholarship Federation in Santa Rosa, and Miss Lolita Long spoke on the relationship of the chapter members to scholarship as seen from the point of view of the university instructor. Three points of criticism are advanced by the universities. First, high school teachers are inclined to grade too high; second, they do not work the students to capacity; third, they do not make the students personally responsible for the quality of their own work.

On Honor Roll.

Those students attaining to the honor roll during the quarter just ended are Phyllis Brush, Irma Cubbler, Dolores Dyer, Evelyn Dyer, Irene Fish, Shirley Goodwin, Florence Gray, George Grist, Vernon Grist, John Ham, Joseph Williamson, Dorothy Wilsey, Audrie Short, Zella Hill, Lolita Long, George Lowry, Margaret Perkins, Leora Ryan, Katherine Schick, Walter Weymouth, Woodie Whipple, Cecil Williamson, Glenn Willits, Stanford Long, Harvey Goddard and Helen Lowry.

Seek Auditorium Betterment.

At call of Mrs. G. R. Redwine, of the Women's Improvement Club, there was a joint meeting Monday evening of committees from the club, the two school boards and the dance committee to consider the matter of renovating the auditorium. After some discussion and advising with Mr. Goertz it was decided to have both the auditorium and the domestic science room retouched during the mid-winter vacation. The walls will be re-tinted, a wainscoting will be placed in the auditorium to protect the walls against the stacking of chairs, and the floors will be cleaned and waxed. G. F. Goertz will have charge of the work.

Missionary Society Met.

The Dorcas Aid Society enjoyed the hospitality of Mrs. G. R. Redwine at the regular monthly missionary meeting on December 6. At this meeting the study of the text on India was completed, Mrs. Roy Dunlap, Mrs. Wren and Mrs. Burnham assisting with the program. The hostess served jello with whipped cream to the 17 members present. The meeting for the following Friday was held at the parsonage. In the absence of leaders those present enjoyed the afternoon in a good old-fashioned visit.

In Charge Of Affair.

Mrs. F. E. Woolley, Mrs. M. C. Hart and Mrs. Lester Fitzhugh constitute a committee to prepare a program for Augusta Chapter, O. E. S., for Thursday, December 18. There will be a short program pertaining to Christmas, and we think we heard something about eats, but perhaps that is a secret. Any way members may be sure the evening will prove interesting. Come and encourage the new officers by your sympathy from the side lines.

To Curtail Program.

The next meeting of the Women's Improvement Club will fall on Saturday. Since the date is so near the the holiday season, when everyone is unusually busy, there will be no special program. Matters of local interest, however, will make it quite worth while for members to be in attendance.

A Delightful Evening.

The program presented last week by the class in public speaking, under direction of Mrs. Alice Bradshaw, met with hearty appreciation from the hundred or so hearers. Good music for the opening put the audience and speakers in a happy mood. The eminently fair definition of terms by the affirmative and the ready acceptance of this preliminary by the negative were also pleasing. When the two-edged sword of sharp personality crept in, true to form, it cut both ways; we feel sure it will not appear again. Burlesque emotional appeal for the sympathies of the farmer audience, in the way of stage make-up, strengthened the negative. Whether from this, or the merits of the question, or the weight of argument, the decision of the judges was 3 to 2 in favor of the negative. Speakers for the affirmative were W. W. Coke and Grantland Winters; for the negative L. L. Sanders and Mrs. D. T. Johnson, with Mrs. W. S. Osborne as a charming "Exhibit A" to clinch the argument. The judges were Dr. J. S. Hogshead, H. S. Ure, Rolland Hurt, C. L. Hemenway and E. A. Gravier.

Many Fine Numbers.

Musical numbers included "L'Angelus," by Gounod, with a brief explanatory introduction by Mrs. C. S. Foster, played as a duet by Miss Zella Hill and Mrs. Foster; vocal solo, "One Fleeting Hour," Mrs. Florence Wren, accompanied by Mrs. G. R. Redwine; piano solo, "Scarf Dance," Chaminade, by Miss Alta Hill; duet, "Moon Rocket," Walter Rolfe, by Mrs. Foster and Miss Alta Hill; and community singing with Mrs. Redwine at the piano.

Is Kept Going.

Assemblyman G. M. Baggar has been busy the past week on a number of matters of official and public interest. At the invitation of Farm Advisor Bernard, of Lake county, he spoke before the business men of Lakeport at a dinner given by the Business Men's Club in honor of their new officers on the evening of December 11. The morning of the 12th he presided over the highway committee of the North Coast Council of the State Chamber of Commerce at Santa Rosa. The chief points of interest at this meeting were ways and means of financing the Shoreline Highway; present construction progress on the state highway system, and a discussion led by State Engineer C. H. Purcell on present and future projects. The afternoon of the 12th there was a special meeting at Santa Rosa with supervisors and others to discuss county planning. Two authorities on county planning were present to assist in the discussion. Invitations had been issued to supervisors of seven counties—Lake, Marin, Sonoma, Mendocino, Humboldt, Del Norte and Napa—and to business men, 67 in all, to be present and participate in this discussion. Saturday Mr. Biggar attended the luncheon and meeting of the Redwood Empire Association highways committee at Hotel Van in Willits. From here he went to San Francisco to confer with party leaders concerning the work of the approaching session of the legislature. Thursday of last week Mr. Biggar received official notice of his appointment by President Frederick J. Koster to membership for the ensuing year on the Statewide Highway Committee of the State Chamber of Commerce.

Ready To Assist.

F. O. Long, Albert Winters and J. I. Hurt, of the aviation committee of the Round Valley Farm Center appeared before the County Board of Supervisors last week to confer concerning the securing of an aviation field for Covelo. They found the Board willing to co-operate in this work, and a resolution to that effect was adopted.

Remodeling Home.

Harold Goforth is having some extensive remodeling done on the Firebaugh house recently purchased by him. C. G. Fish and W. F. Lovell are in charge.

Had A Collision.

The county truck driven by Jim Goforth collided with the passenger stage driven by J. D. Morrison on the Dos Rios grade the morning of the first slippery rain last week. The top was torn from the stage and the rear bumper was badly bent. Fortunately no harm was done to either of the two drivers.

Kicked By Cow.

S. W. Walter suffered a very painful wound Friday when the cow he was milking kicked him in the right hand, slitting the flesh so two stitches had to be taken in the wound to repair the damages. His brother-in-law, Caleb Brush, suffered a broken collarbone earlier in the summer. Mr. Walter was taking care of the latters cows also. Between the two accidents they are finding dairying a hard game.

Walter Foster was in town Saturday on his way home from an extended trip in the bay region.

Cleo O'Ferrall, of the horse ranch, was a Covelo vlistor Sunday.

Mr. and Mrs. W. H. Ham returned Saturday from a business trip to San Francisco.

Tony Bernotte came in from the road camp for change and rest at the end of the week.

Ray Harpe will be home from Sequoia Park this week to take his family back with him where he is working on a government construction road job.

Mrs. Johnson's normal class expects to take county examinations at Eureka and at Ukiah next week and the week following.

Ranger and Mrs. F. O. Long and daughter, Azile, will pass their annual vacation visiting relatives in San Jose, Sacramento and Roseville.

To Attend Wedding.

Mr. and Mrs. J. B. Bellatti will go to Eureka for the marriage of a niece on December 20. They are hoping for a family reunion at the home here for Christmas.

Mrs. Freda Bucknell, Charles Bucknell and Glenn returned the first of the week from Lake county.

Mr. and Mrs. Martin Brown and three children are passing a short vacation with Mrs. Brown's parents in Vallejo.

E. W. James, of the State Automobile Association, was attending to official duties in Round Valley during the week.

Had Bad Luck.

Mrs. Georgia Fish had the misfortune to lose a purse containing $26 while gathering toyon berries last week—and she had the owner's permission to get the berries, too.

Mr. and Mrs. G. R. Redwine have gone to Santa Maria to pass the holidays with their two daughters.

To Dance Christmas.

D. A. Brush and Archie Moore, of the dance committee, will give a ball at the auditorium the evening of Christmas Day, December 25. Details of their plans are not yet available.

Tree Surgeon Is To Inspect Henley Oak

H. J. Hutchinson, of the Eureka West Coast Tree Surgeons, was a business visitor here Monday. Mr. Hutchison stated much interest is being taken in the preservation of fine old trees, particularly the oaks, and his firm is building up a nice business in California and Oregon. Mr. Hutchison will probably take care of some of the trees in the courthouse plaza but his visit here at this time is to look over, if possible, the fine old Henley oak in Round Valley, which is said to be the largest oak tree in the west.
